Faithfulness to the truth of history involves far more than a research, however patient and scrupulous, into special facts. Such facts may be detailed with the most minute exactness, and yet the narrative taken as a whole, may be unmeaning or untrue. The narrator must seek to imbue himself with the life and spirit of the time. He must study events in their bearings near and remote, in the characters, habits, and manners of those who took part in them. He must himself be, as it were, a sharer or a spectator, of the action he describes.

Ancestors West is published quarterly and issued about the first of March, June, Sept., and December by the Santa Barbara County Genealogical Society and is sent to all members. Non-member subscription is \$6.00 per year and single copies are \$1.50 each.

Any contribution of a genealogical or historical nature is urgently solicited.... from anywhere and with particular reference to the general area surrounding Santa Barbara County. We welcome quotes from and discussions of its contents when the magazine is mentioned as the source.

Advertisements per issue are solicited at a rate of \$3.00 for the first twenty words and 10¢ per word for additional words. Exchange advertising with other genealogical and historical magazines is solicited.

PRESIDENT'S MESSAGE

Perhaps the highlight of our summer break was the establishment of our Exchange Section in our Goleta Public Library. It will be found in the area of the microfilm reader on shelves beneath the National Geographic Magazines. Space would not permit us to put out all the periodicals, but the latest issues of all our exchange magazines are there -- open to all, every day of the month that the library is open. Considered as reference material, they cannot be checked out, but you can spend as much time as you have to review them there at the library. In effect we now have these sources available to the membership 30 or 31 days a month instead of one day.

Several people must be recognized for their parts in bringing all this to a reality. It was Shirley Lettington who first contacted the Librarian to see if such a section would be permissible so she laid the foundation for the finished product. Upon receiving approval for the project, it was Alma Lauritsen and Mary Ellen Galbraith who physically inventoried and placed the periodicals in position. The next step was to notify the membership so they could make use of it. The quickest and least expensive method to do this was through a telephone campaign so I went down the membership roster to call some of you. I asked each one I called to call, in turn, a few others. Thanks to those who relayed my message the system worked quite well and I believe we contacted about 95% of the membership. Those loyal telephone campaigners were Margaret Bowman, Cathy Childs, Shirley Cobb, Jean Condon, Burr Coryell, Margaret Cox, Karen Heritage, Wes Kingsley, Helen Miller, Bette Root, Vic South, Doris Sprague, Kay Gribble, Marjory Hansan and I hope I didn't omit any name.

What is the status of our search for a permanent home for the Society and it's expanding library? My opening paragraph may have answered that question! In the past few months your Board of Directors has continued to investigate the issue. Considering the criteria of 1) expense; 2) library space; 3) training and assembly space; 4) parking; 5) refreshment area; and 6) staffing of any potential facility; we feel that the Society is definitely in the optimum location at the present time, especially now that a large part of our library holdings are available to the entire membership everyday of the month. Unless additional problems are encountered or a majority of the membership raises objections, we will consider our permanent home to be with a most cooperative staff at the fine facilities of our Goleta Public Library.

Remember that the Society has a portable microfilm reader and is available to any member. It is currently being stored at the home of Carol Roth, 5459 Palace Ct., Goleta, 93017. Her phone number is 967-9602 and we urge you to call her to make arrangements to borrow it.

I would also like to remind the membership that elections will be upon us again soon. Our By-Laws require that a Nominating Committee be appointed at our October meeting. Several of you will be called upon to serve in that capacity. Whether or not you are on that committee, I urge you to make your recommendations known. Article VIII of the By-Laws outlines the nominating and electing procedures. Review them and help us compose a Board of Directors who will effectively manage our growing organization in the year of 1978

GENEALOGICAL LIBRARY FACILITIES

Update

Our Santa Barbara area is fortunate in having within its bounds several libraries which contain holdings of interest and importance to genealogical research. As you may recall, the Society distributed five different handouts to the membership which told of pertinent facts about each of these libraries. Although it has only been a few months ago when the last handout, Number 5, was distributed, some of them are already in need of change. Please update the following handouts as indicated below:

Handout # 1 - University of California at Santa Barbara: Due to construction work (completion date: September or October 1977) books and offices may not be exactly located as previously described. We recommend that you ask for directions from the personnel on duty.

Handout # 2 - Public Libraries: The Sutro microfilm index in the Central Branch is now held at the Reference Desk instead of the Periodical Desk. One microfilm reader is near the genealogical section. Another is in Periodicals. Note that the entire section of genealogical books and references are now on shelves immediately to the right of the main entrance as you enter.

In the Goleta Genealogical Reference Section you will find, in addition to those books previously listed, Everton's HANDY BOOK, THE U. S. CENSUS COMPENDIUM and most of the back issues of our ANCESTORS WEST. Remember too that in the 929 section there are several genealogies but also technical books and all of these can be checked out.

Ms Carol Keator is now Head Librarian at Goleta. She has exchanged locations with Karyle Butcher who is now at the Central Branch.

Handout # 4 - Historical Society (Gledhill Library): The main change is that Mr. R. A. Miller has replaced Mr. Robert Gates as Librarian. In a recent conversation with Mr. Miller I was reminded of the Library's file of newspaper clippings (many Obituaries) from the Santa Barbara News Press dating back to the 1950's, possibly into the 1940's. This source may be of more interest to our out-of-state readers, but whoever is interested should also know that the Gledhill Library also has a collection of old Santa Barbara photos. They are street scenes, individual residences and the like. Copies of this material can be made at the Library for a cost of 25¢ a copy.

Handout # 5 - LDS Branch Library: The most recently announced hours of operation are:

Tuesday	1-3 and 7-9 p.m.
Wednesday & Thursday	1-9 p.m.
Friday	9 a.m. - noon
Saturday	By appointment only

"Help us to build our library, remember us when cleaning out your bookshelves or moving, attending flea markets, auction sales or visiting old book stores. Old history books, atlases, town history, church history as well as genealogical books and quarterlies are welcome."

from The Dutchess, Dec. 1976.

Death Records (continued from Vol. III, No. 2)

A PUZZLE TO PONDER

Try this for a little deviation from the routine. Our intent is to keep your mind on genealogy, test you on the many abbreviations and codes used in your research and still give you a little relaxation.

Before starting the puzzle notice the patterns formed by the black squares. Can you find grandfather in the center with the protruding nose and heavy mustache? We are not sure whether he is looking back to the 40 acres he came from or ahead to the 40 acres to which he is going, but those quarter sections may be represented in the upper right and lower left corners. We suggest that the rest of the black squares illustrate the ups and downs of genealogical research deterred by an occasional stone wall of "no information".

Looking for the parents of Ann EASTMAN, b 22 May 1700, probably in NH. She m Philip HUNTOON on 22 Dec. 1720 and had son Benjamin, b 4 Sept. 1729.

Joanne ABBE (ABBEY), b 15 Nov. 1706, d 7 Sept. 1757; m Jonathan BROWN on 17 Feb. 1726. Her father was Joseph ABBE (d 30 Nov. 1705). Where and when was he b? Her mother was Abigail SEVERANCE (b 29 Aug. 1683). Where was she b? Where and when did she die?

I have information on the SEVERANCE family that goes back to a time prior to 1600, but its source is unknown. Would appreciate any leads to possible sources. Will gladly exchange information with anyone interested.

Have a long list of BROWNS but one generation is lacking the details. That is Joseph BROWN who m Ann BROWN on 18 Feb. 1762 or 12 Apr. 1763. Their son, Jonathan, (b 4 Feb. 1768 in Andover, NH; d 28 Nov. 1844 in Andover, NH) m Elizabeth HUNTOON. Can anyone provide the dates and places of birth and death of Joseph and Ann? I have Joseph's ancestors back to 1600 and Ann's father (Nehemiah).

The NOURSE (NURSE) surname is quite familiar, but have you any information on Hulda NOURSE? She was b ca 1780, m Jeremiah JEWETT on 17 Jan. 1801.

Will exchange information with anyone interested in the French families of CAUHAPE, LASSERE and LANDRY.

Mexican connections? Request information on the parentage of Francesca MERINO, b 14 Jan. 1836 in Guaymas, Mexico; d 1903 in San Jose, CA.

When and where did Abigail LOTHROP/LATHROP die? She was bp 2 Nov. 1639 in Barnstable, MA. She m James Clark 7 Oct. 1657. Their son, Thomas CLARK, b ca 1670 in Plymouth, MA.

MAKING DO
HOUSEHOLD HINTS AND HEALTH REMEDIES OF PIONEER ANCESTORS

Our ancestors on the frontier missed a great many of the goods and services available only in the populated areas of the country. Making do with whatever raw materials were handy was one of the main attributes of the American pioneer. The houses built of prairie sod because there was no lumber are a famous example of this ability to make do. But the inventive use of whatever materials were at hand was not limited to the large necessities in pioneer life. Sometimes small luxuries were so missed that cravings for them were developed. An instance of this resulted in the creation of the rock lemon pie by an early prairie chef who yearned for the taste of lemons. The available ingredient employed to impart a lemon like taste to the pie was none other than vinegar! And, no doubt, it did add a certain pungent flavoring to pioneer life, especially if a person put their nose close to their piece of dessert, as the fragrance of vinegar tended to hover around the pie. However, those pioneers blessed with stuffy sinuses had nothing to hinder their pleasure in a piece of ersatz lemon pie.

Fixing worn out and broken belongings was another area where pioneers excelled in making do with substitutes. In an old notebook full of handwritten recipes and helpful hints that was put together by my great-aunt Bertha, a Nebraska pioneer, I found a suggestion for a plaster, glue or putty substance. My great-aunt recommended this fix-it-all with a large hand-printed headline stating that it "will mend anything". The directions for this miracle mending agent instruct one to:

Douse 1 quart of wood ashes, $\frac{1}{2}$ cup table salt and enough water to mix well. You will have a cement that will hold anything. I mended a crack in my cook stove, holes in the wall and broken window glass. It will be dark at first and then turn white.

The pioneers also had to contend with mending themselves as well as their possessions. Cuts and abrasions offered more opportunity to draw upon the fireplace for useful material. Because soap was needed not only for general cleanliness but also to cleanse cuts and wounds, wood ashes were collected as the basic ingredient for homemade soap. In addition, one method of treating cuts and scratches was to "pulverize a live coal and apply to the wound and cover with a rag". The charcoal would absorb all the secretions and was often the best antiseptic available. For those whose grit failed at the thought of placing hot charcoal on a cut there was the alternative of sifting powdered resin on it before covering with a cloth that was to be soaked with cold water from time to time

Illnesses such as coughs and whooping cough called for internal remedies. Fresh boiled milk with sugar mixed in was used to coat the throat and reduce the coughing, but if a child came down with the more serious sounding whooping cough, the remedy also became more serious. For whooping cough a teacup full of crushed sunflower seeds were simmered in a quart of water until reduced to a pint of liquid then a half pint of brandy and a pound of loaf sugar were added. This was bottled and given a few drops for an infant and a teaspoonful for older children every two hours until relief came.

While the above remedies offered some curative possibilities, other pioneer remedies did not really offer much hope. But then, placebos sometime work as effective cures and the power of belief has cured many ailments. A prime example is that many pioneers thought that simply tying a deserted hornet's nest around one's neck would cure a sore throat.

Then, when the sore throat turned out to be diphtheria, a pan of freshly sliced onions were to be placed in the patient's room to absorb the poison of the disease and prevent it from spreading. Every morning the old onions were to be buried and replaced with fresh ones. As for the already stricken patient, a tea made from the bark of the root of white birch was to be administered to remove the white coating from the throat and mouth.

If, after suffering through an assortment of the above ailments and their remedies, pioneers survived to be bothered by rheumatism, they could always make do by applying an old fashioned poultice of horse radish to their rheumatic limbs.

While readers may not wish to risk life and limb on the above health remedies, the more adventuresome ones endowed with curiosity and some pioneer gumption might want to try the rock lemon pioneer pie recipe which follows:

PIONEER LEMON PIE

1½ cups sugar	½ cup apple cider vinegar
3 tablespoons cornstarch	1 tablespoon butter
1½ cups hot water	2 egg yolks

Mix sugar with cornstarch. Stir in water, vinegar, and butter. Boil, stirring constantly, until very thick and clear. Remove from heat. Beat egg yolks slightly and stir small amount of hot mixture into egg yolks. Add egg mixture to sauce pan. Reduce heat and simmer three minutes. Pour into baked pie shell. Beat 2 egg whites with ¼ teaspoon cream of tartar until frothy and gradually add ¼ cup sugar. Beat until stiff. Spread meringue over filling. Seal to edge of crust. Bake 10 to 12 minutes, until slightly brown, at 325°.

TRAINING PROGRAM REVISION

Beginning with our September meeting, our Society Training Program will reflect another change in curriculum. Since last September we have been conducting a program that included six hours in discussions on the details of various sources such as their characteristics and availability. This more than doubled the time required to complete the course and in effect made it more than a course for beginners as we had planned it to be.

We are returning to a more streamlined curriculum which will take three sessions to complete and the entire course can be conducted at least three times in the year. If you miss a session, you can make it up within a few months. If you wish to repeat the course as a refresher, that too will be entirely possible and permissible.

The Course For Beginners will consist of the following subjects:

- Record Keeping
- Terms and Tools of the Trade
- Research Techniques and Sources

One may ask where and when can instruction on those source details, previously given in our program, be obtained. The Santa Barbara City College Adult Education Program will include this subject matter, another reason why we decided to revise our curriculum. The Adult Education Program will be taught by our own Society personnel and there is no enrollment fee. Classes are scheduled to begin on 12 September in Room 2 at 914 Santa Barbara Street. They will be conducted from 10:00 a.m. to noon every Monday for 13 weeks.

The Training Department of the Santa Barbara County Genealogical Society believes we will have a sound program ideally suited to the needs of our newcomers and beginners. We are pleased to join forces and coordinate efforts with the Adult Education Program.

THOMAS SHAW AND SOME OF HIS DESCENDANTS

COMPILED BY MARGARET FRY CHURCH COX

THOMAS SHAW

b. 13 Oct. 1753, "Near Belfast, Ireland"

d. 29 Dec. 1835, Sidney, Shelby Co. Ohio

m. July 1782, Virginia

POLLY (MCCOY) MCKEE, widow of John McKee

b. ca. 1760, Virginia

d. Predeceased her husband, Bourbon Co. Ky.

Thomas Shaw sailed from Belfast, Ireland in 1772. Arriving in this country, he settled in Cumberland Co. Pa. (note by M. Cox. Perhaps it was that part of Cumberland Co. which is now Perry Co. as Samuel Shaw whom I think was his brother settled in Sherman's Valley which is now in Perry Co.) He enlisted for service in the American Revolution "Early in the year 1777", as a volunteer militia man, Capt. Thos. Clarke; Col. Watts. Early in 1780 enlisted at Salisbury, Rowan Co. N.C., Capt. David Crawford, Lt. William Wisely; he himself was Ensign but never rec'd his commission. Taken prisoner at Charleston but was paroled. He returned to Rowan Co. N.C. where he lived during the war. "Again, notwithstanding it was in violation of his parole, joined a body of militia", Capt. James Carr, Col. McKissich. In all served 13 months.

On Sept. 12, 1780 at Cane's Run, John McKee was shot and died soon after, being buried where he fell. Before he died "he delivered to his comrade and friend, Thomas Shaw, tender messages to his wife, and charged him to provide for her welfare. Shaw accepted the trust, took the widow to her people in Virginia, returned and served throughout the war. When the war was over, Thomas Shaw married Polly McKee and they went to Bourbon Co. Ky. to live.....Thomas Shaw ever spoke of him (John McKee) with deep feeling and in terms of profound regard."

Thomas and Polly Shaw went to Bourbon Co. Ky. in 1785 and settled at Ruddle's Mills. When he applied for a pension on 4 Feb. 1833, he states, "he is known to John Gregory, Alexander McClintock, John McKee, Hugh Talbot, Edward Willett, William Steele and many other respectable persons of his neighborhood". Sometime after he applied for his pension, and no doubt, due to the loss of his wife, he went to Sidney, Ohio, to be with his married children. He died in Sidney and is buried in Graceland Cemetery there, Section 83, Block 4, Grave 12, Upright Marker; having been moved from the old Presbyterian Cemetery 15 Jan. 1911. His will is on file in Bourbon Co. Ky. He had one step-son whom he took with him to Kentucky.

"Samuel Gamble came to Ohio 1806, and first located in Greene Co. Bought a farm near Xenia, and remained there until 1828 when he came to Sidney, Ohio.....Prior to the time of his coming to Sidney he had for a number of years been engaged in buying and shipping produce by flat-boat to New Orleans. He would build a flat-boat on the Miama River, float it down to New Orleans, sell his boat and contents and return home by way of New York. He also in company with John Neal built and loaded a boat at Sidney and made the same trip. In the spring of 1850, he and his sons Samuel and William started for California by way of the plains. Before reaching St Joseph, Mo. he was taken sick and died in St Joseph and now lies buried there."

Samuel Gamble was a Ruling Elder in the United Presbyterian Church in Sidney, having held the same office in the Associated Reformed Church of Xenia, Ohio. In 1830, Samuel Gamble was fence viewer in Sidney. In his will, Samuel Gamble left "all my railroad stock to the General Associated Reformed Synod of the West". The following children and grand-children were mentioned in his will #A584, Shelby Co. Probate Ct. Sidney, O.

BOOK REVIEW

ARLINGTON COUNTY, VIRGINIA, A HISTORY. By Cornelia S. Rose, Jr. Arlington Historical Society 1976. Maps, illustrations. Appendix. Bibliography. Indexed. Hardcover. 274 pp.

The author is well qualified to write of Arlington County, her home for nearly 40 years. She was research assistant to the County Manager and has published articles on Arlington history.

Nomadic hunters inhabited the area 10,000 years ago. From these people with their tools for hunting, the book touches on early settlements, colonial days, Revolutionary and Civil Wars to its present status as important seat of the national government. The genealogist will not find family records here except as they relate to the development of the area, but the wealth of facts will provide an accurate and rich background for interpreting life at different stages of the past.
