SANTA BARBARA COUNTY GENERLOGICAL SOCIETY SPONSORED RESEARCH TRIPS - BUS Several trips have been sponsored this year. The first was on Feb. 25,1983 (Wednesday) to the Genealogical Section of the Los Angeles Main City Library on Wast Fifth Street; on Saturday, April 23,1983, to the LDS Los Angeles Genealogical Library near Westwood, Santa Monica Blvd; on June 22, 1983 (Wednesday), both libraries - individuals having a choice- going by way of the San Diego Freeway, letting off those wishing to do research at the LDS library, and reaching the Los Angeles library downtown at about the 10 a.m. opening hour, leaving there at 3 p.m., picking up those at the LDS library, stopping at the Miramar, Montecito, to drop off Carpinteria-Montecito passengers. Transportation furnished by Melni bus. The rates vary somewhat depending on the day of the week and size of the bus. After the first trip at a cost of \$8.50 per person, it was decided to charge \$10.00 cash per person. Dcpending on the number going \$10.00 covers (more or less) the fee to Melni Bus. Bus sizes available, if enough notice given, 32-39, 41, or 40-47 seats - 10 hr. trip; extra charge \$30 for each additional hour. PAYMENT IN ADVANCE is required. It is important to pay for the trip as soon

as possible when decision to go has been reached. This is the only way of knowing that you definitely are going. A place is reserved on the bus depending when payment is received. So the earlier the better!

If for any reason a change in schedule comes up, someone will notify those who have registered and prepaid for transportation. Also when the telephone committee calls to verify the reservation. If the reply is "yes" the committee depends on you. If for any reason you cannot go, BE SURE TO LET THE COMMITTEE know that you cannot go. Your check will be roturned, if notification is given in time. <u>Send checks to Nona Armstrong. 429 Terrace Rd.</u> <u>Senta Barbara, CA 93109, phone (805) 965-7765.</u> TAKE SACK LUNCH.

TRIP - Subject to scheduling change - is projected for Sat. SEPT 24th. TEATER 7:15 A.M. from SEARS PARKING LOT, across from Kayser's Mutrition LOCATION: LaCumbre Plaza, Santa Barbara, Ask a friend, Wives, husbands welcome. It is planned for these trips to continue, spaced one or two months apart, so take advantage of this opportinity if you can.

Jay Pion reports that the wood chips have been MONDECTTO CATHOLIC CEMETERY spread to prevent weeds from growing in the graveyard and has promised to give a copy of his report to the editor for the SBOES library.

Norman E. Scofield.

Two years ago the author presented in these pages (Sept. 1981, p. 83) a modest essay entitled "The Usefulness of Computers in Ameteur Genealogy". In the field of Personal computers (PC) two years is now about a generation. The stars of 1981 are now being outshome by Nova of today. In the more restricted field of genealogical programs for Pc's, the changes have been substantial, if not as dramatic.

One thing has remained relatively constant. The b-st source of information about genealogical computing remains the bi-monthly newsletter of that name, written and published by Paul and Sara Andereck* (*Data Transfer Assoc-lates, Inc., 5102 Romaroy Drive, Pairfax, VA 22032). Fortunately our society subscribes to this publication and has a complete back-file from Vol. 1, No. 1, July, 1981.

Comparing the situation in September '81 with that of July '83, we make the following observations. On P. 16 of the September '81 issue we find: "Letters from our readers show that there are many who write their own programs. This is partly of necessity, the software now on the market does not cover all makes and models of personal computers." By contrast, in the July '83 issue we find, on page 22, a Genealogy Programs Directory listing, for sale, 27 pro-grams for 18 makes of PC's. The most popular computers are TRS (7 Models) with 15 programs, Apple (3 Models) with 7 programs, and IBM (2 Models) with 7 programs.

In September '81 we find on p. 2" "IEM enters the personal computer market"according to Washington Post Staff writer James L. Rowe, Jr., "International Business Machines Corp. has announced its entry into the personal computer market this fall...." Now, IEM personal computer sales have overtaken Apple and TKS, the former leaders, and will probably dominate this market for some time to come.

In many genealogical societies members owning or interested in personal computers are organizing themselves to share information and techniques with each other and with similar groups in other societies. There are even user groups formed around one genealogical program for one type of computer. Perhaps in the future we may see many genealogical organizations belonging to genealogical computing networks, able to communicate over phone lines and pass genealogical data back and forth.

Another interesting direction of growth is the development of "Portable" PC's. small enough and operable on batteries for several hours, that could be taken along on your library or archive research and used for direct entry to files. The most promising of these have companion full size desk-top PC's to which they can transfer files of research data.

In conclusion, if you have geen thinking about getting a PC to belp with your family research but have'nt thought there were any computers or programs that would work for you, take a lock at <u>Genealogical</u> <u>Computing</u> and see how far the field has come in just two years. Come on in. The computings fun!

NEWS FROM THE NATIONAL ARCHIVES

1910 CENSUS FINDING AID & NARS GIFT MUND: At long last we can announce that a suitable first project for the NARS Gift Fund had been found! Negotiations are underway between the National Archives and the Bureau of the Census to obtain the street indexes to enumeration districts for the 30 largest cities (list and sample page enclosed) to be reproduced on microfiche for distribution to the Regional Branches and for eventual sale. To produce this finding aid and future ones, we need at least \$1 per year per genealogist. PLEASE ENCOUR-AGE EVERY MEMBER OF YOUR GENEALOGICAL SOCIETY TO SIND YOUR SOCIETY'S TREASURER DOLLARS FOR THE GIFT FUND. Treasurers should send a check for the total redeived (one dollar, at least, for every member of the society is your goal) payable to: Federation of Genealogical Societies, and marked: NARS Gift Fund. Mail it to the Federation address: P.O.Box 220, Davenport, IA 52805.

FUTURE FINDING AIDS: NARS is beginning to microfiche the Civil War Pension records. Subject to availability of our gifts to the NAPS Gift Fund, they hope to microfiche, also, the complete Civil War Service Records. TO DATE: We have collected over \$5,000 in NARS Gift Fund. More is needed.

MAPS OF 1910 CENSUS ENDERATION DISTRICTS exist at the Cartographic Division of NARA (located at Pickett St. Annex, Alexandria, VA). The maps are multicolored, and experiments are being made to ascertain how best to reproduce these color maps. We shall keep you informed of progress.

PROFILEMS WITH THE 1910 CENSUS: There have been many complaints about the illegibility of some of the 1910 Census microfilms. It may be possible to improve some of these with your help. The microfilms were made by the Bureau of the Census (not the National Archives) in the 1940's when microfilming was in its infancy. If you discover an illegible microfilm, please reports its number and locality to the Regional Branch where you consulted it. If you have purchased illegible reels, they can be returned to: National Archives Trust Fund Board, Washington, DC 20408. They will check the master and reproduce it by improved modern microphotography.

INTERLIBRARY LOAN OF CENSUS MICROFILM. NARS has awarded a contract to DED Corporation of Landover, MD to provide census microfilms on interlibrary loan at a cost not to exceed \$2.25 per reel. This service will become operable by July 3, 1983. Appropriate announcements will be forthcoming.

NARS INDEPENDENCE BILL: A new bill, S. 905, entitled "National Archives and Records Administration Act of 1983" was proposed by Sen. Engleton and others. At the time of this news release about 20 Senators had endorsed the bill, but more were needed to get it out of committee and approved. An attempt by the Administration to counter independence with a study Task Force was underway, so time was running out for action. Urge your senator to support this proposal, and do it today.

NARS FIFTLETH ANNIVERSARY IN 1984

The National Archives was established in Washington in 1934. Next Spring a Fiftieth Anniversary Celebration is being planned. Ideas are being sought from the genealogical community as to appropriate souvenirs of the occasion (possible forms, mementos). If you have any suggestions, please forward them to Rabbi Malcolm H. Stern

300 East 71st Street New York, NY 10021

ILLINOIS was visited by French explorers in the late sixteen hundreds. It was part of the Northwest Torritory acquired after the Revolutionary War from Great Britain, to when it had been ceded by France in 1763 and became part of the United States in 1783. The southern part was first to be settled permanently. Settlers came from North Carolina, Virginia and Kentucky, Maryland and Pennsylvania for the most part. Settlers began to arrive in the northern part about 1825 and generally came from the New England states. Illinois became the transportation center of the United States. With the beginning of the industrial growth, Europeans flocked there by the thousands every month, furnishing the manpower for factories and industries in the Lake Michigan section. They came from Ireland, the south European counties, Germany, Poland, Sweden and Russia. Illinois became the third of five territories and eventual states formed from the Northwest Territory. In 1790 the first county, St. Clair, was organized; Randolph followed in 1795farther south along the Kaskaskia and the Mississippi; in 1814, Edwards County along the Wabash; in 1819 Wabash, also along the Wabash. Since 98 more have been formed, the last two of her present 102 , Pord and Douglas, in 1859.

Marriage records are in the sole custody of the County Clerks. Birth and death records from 1877 to 1916 (if made at all) by County Clerks. In a few counties some records exist prior to 1877, also in some cities. After 1916 all original birth and death certificates have been deposited with the Dept. of Public Health at Springfield. In May, 1941 the Historical Records Survey Project of the W. P. A. publication appeared: "Guide to Public Vital Statistics Records in Illinois" (137 pp. mimeographed. The address of the State Archivist is Archives Building, Springfield, ILL 62706.

Counties with a population of more than 70,000 have probate courts, in other counties probate matters and wills are handled by the County Clerk. Matters pertaining to real estate are in the offices of the County Recorder.

The War Veterans Graves Registration Files contain names of about 350,000 veterans buried in the state, listed alphabetically, by veterans names, broken down by wars. There is also a cemetery listing. For information address Illinois Veterans Commission, State Office Bldg., 400 Spring St., Springfield, ILL 62706.

The entire communication from Duane Gage giving the chapter headings of his forthcoming book on the Gage Family History has been reproduced at pages 116 and 117, as there are many, many Gage descendants throughout the United States and the English antecedents prosent one of the more flagrant examples of an erroneous descent being printed and reprinted.

In 1763 the area was included in that ceded to Britain. In 1783 it was again under the claim of America. For a short time, the Indiana inflicted considerable damage, ending about 1795 when American troops under the command of General Anthony Wayne succeeded in herding the Indians farther west. From 1787 until 1800 the Michigan section was part of the Northwest Territory and from 1800 to 1805 was connected with the Chic and the Indian The first American settlers began coming to Michigan about Territories. 1796 from New England. No appreciable influx occurred until 1818 when many came to participate in the first public land sales. Commonsement of work on the Erie Canal in that year drew many New Englanders, Completion of the canal in 1825 added new stimulik to migrations. That same year many came to work on read construction headed toward Chicago. In 1829 construction of the Kalemasoo Valley territorial road brought many who established therselves in Jackson, Calhoun, Kalamazoo and Allegan Counties. In 1830 the Saginaw Valley, including Shiawasses, Saginaw and Bay Counties, began to fill up with permanent settlers. By 1836 fourteen counties had been formed. By 1850 about half the southern peninsula, land seekers had come from New York, New England and Germany. A fifty-year boom occurred from 1840 to 1890.

During this period tens of thousands of workers went into the forest campa and mining camps of Michigan to harvest lumber and extract copper and iron ores.: They came from Canada, Ireland, Pinland, Norway, Sweden, Wales, Poland, Italy and England. Large groups of religious refugees from Holland settled around Grand Rapids and the western coast of Lake Michigan.

Birth, marriage and death records before . 1867 are handled by the Clerk of the Circuit Court where the incident occurred. Since then at the State Dept. of Health, Lansing, MIchigan 48933. The Clerk of the Probate Court supervises all court records, such as wills and probate matters. The Register of Deeds of each county handles all matters pertaining to land titles. County Clerks have many vital records, see county histories. Federal court records start 1805.

Cost of membership is \$25.00 per year. Membership includes a free copy of the PSN CATALOG, a membership card with personal identification number, ordering forms and full ordering procedures. Film loans are \$2.50 per roll. Furchases are \$9.00 per roll. Prices include postage to the individual. Return postage is required.

Institutions are WOT required to join the ASSOCIATION. Materials are circulated to them on loan for \$2.00 per roll including postage to the institution. Furchases are \$9.00 per roll. (The higher cost of the loan service to individuals helps to offset higher costs of providing this service on an individual basis.)

All film loans are for two (2) weeks. Renewals are allowed as needed. The loan period begins when the film arrives at the institution or individual's boso.

Orders are processed at AGLL daily. Thus there is no need for scheduling or booking of film. Eack orders for film already in use will be held a maximum of 15 days before a new roll is produced and sent.

Quality of all film, but not original material, is unconditionally guaranteed. Copies are generally silver or diago 2nd or 3rd generation print. Thus, users are guaranteed a high quality, low cost, fast and efficient service.

For further details, comberships, copies of the FSN CATALOG, order forms and full ordering pricedures, write:

PLACE NAMES

In connection with the transcription of the 1900 marriage records , two questions arose:

1. The location of Sarf. "California Place Names (1944-1948)", a contribution of the University of California to the Centennial Colebration of California, found in the Gledhill Library at the Santa Barbara Historical Society Museum, discloses that SURF was a post office established in 1890, so named because of the location at the ocean shore, below Ocean Beach County Park in the Vandenburg area.

2. The spelling varying in the two lists - one "SERENA", the other "SERANO" raised again the question: Where was Serena? The only California Place Mame listing was SERENNO- San Luis Oblepo County. A station mamed in 1893 by the Southern Pacific for the Serrano family from whom the right of wayu was obtained. Miguel Serrano, a native of Mexico, had settled in this county in 1828.

In one of the scrapbooks at the Gledhill Library are two articles by Stella Maverland Rouse which appeared in her "Olden Days" in the Santa Barbara News-Press Sept. 21 and 28, 1980 - Serena and the Carpintoria wharf and More about the Community called Serona. She reports that Georgia Stock-ton in "Le Carpinteria" says that Douglas V. Jones, who came to Carpinteria about 1870, owned property along the beach west of Old Town, but states there is no record of Jones having built a wharf there. In June,1870, an organi-zation known as "Trustees of the Carpinteria Sattlers" was formed with Andrew Bailard, E. H. Pierce, S. H. Olmstead, Albert Dory and Russell Heath as members. Owen H. O'Neill's <u>History of Santa Barbars County</u> states the franchise was transforred to Frank Smith, probably in the middle 1670s. Georgia Stockton attributes the nume "La Sorena" to Milton Smith, noting the even temperature and general screnity of the climate, and says John Milton Smith was one of the four Smiths who came to California in those early years. Frank Smith's obituary in March, 1930, stated he came here with Nelson D., Solon, and John Milton Smith in 1870, and also states that he was one of the builders of the old Carpinteria wharf, and later entered into partnership with John P. Stearns, serving as manager and principal owner of the Santa Barbara Wharf over a long period of years. Three of the Soiths were brothers and the fourth a nephew. Other landowners connected with the Serena area were the Villalba brothers, who came to California gold fields and named their land extending from the hillips to the ocean Punta Del Monte. Rafael Villalba raided gazecocks which fought with neighbors' birds in a creek near the beach. In the late 1680s when the railroad was being brought from Los Angeles, La Serena Land and Water Company acquired 340 acres around Serena for \$125,000. Springs furnished water for the tract. 30 acres was planted in walmuts, with prunes and apricots interplanted. The syndicate proposed to lay out a town and offer sites in various sizes but the "land boom" soon subsided .. At the Courthouse two deeds recorded transfers of Serena beach property from John Nidever and Annie and Frank S. Smith In May 5,1894 and March 9,1895, respectively, to John Richard Thurmond, who is said to have erected a huge sign, "Serene, Serener, Serenest" on some of his property.

The second article reports that while Serena never developed into a community, the site halfway between Carpinteria and Summerland sometimes had other useful buildings besides the wharf. There was a grammar school for a while. When Solon Smith was a Carpinteria judge he held Court at his home in Serena. Frank Smith's oblituary says he presided in the post office there. Early in the 20th contury there was promise of a new industry, when in February, 1904, Albert Carter, "inventor of the process of generating power from the sun's rays" was reported to have bought the Carpintaria wharf and 12 acres of land for the manufacture of solar furnaces. He also intended to have a plant for extracting and refining salt from the ocean water by a process of rapid precipitation. He also was reported to have proposed development of a summer resort. However, E. W. Bayward, a Santa Earbara insurance man, bought the property in August, 1905. A few years later the widew of Robert Louis Stevenson bought a part of

the property and in July, 1910, closed the Serena wharf to the public. In September, 1930, Isobel Field, stepdaughter and amenuensis of Robert Louis Stevenson in Samoa, lived on the Serena property. Mrs. Field later occupied a cottage at El Mirzsol Hotel in Santa Barbara. George A. Batchelder, "former representative on this coast of the Rollins Bond House", bought several Serena properties, including one adjoining the buildings of Mrs. Stevenson. In the mid-twenties another settlement was planmed - Serena Park - sublivided into residence lots by Emery, Wickham and Rose, who had purchased the land from L. B. Cadwell.

SBCS member Alma Imhoff Lauritsen and her husband Carl became interested in the problem. He obtained a copy of the subdivision map and cartification and reported that he was told the location was near the present polo field and envisioned as a small religious colony, but never really developed and when the present Highway 101 was constructed it cut through this property. The map does show the southern boundary to be Coast Highway and the western Toro Canon Road, with short cross streets of Park View Avenue and Serena Avenue, with Ocean View Avenue running paralell to Toro Canon approximately in the center of the tract. The map is entitled; MAP OF SERENA PARK SAMFA BARBARA COUNTY CAL. Being a subdivision of lands formerly owned by L. B. Cadwell, surveyed for Energy Wickham & Ross Survey made in Nov. 1924 by Chas. E. Aubrey, Licensed Surveyor. The map shows 73 lots of varying sizes. County officers whose signatures appear on the map are A. T. Eaves, Anditor of the County of Santa Barbara; Chas. S. Tomlinson, County Assessor; Owen H. O'Neill, County Surveyor; C. A. Hunt, Clerk of the County of Santa Barbara and of the Board of Supervisors, H. S. Desderick, Chairman of the Board of Supervisors, and Yris Covarrubias, County Recorder, attesting to the December 22, 1924 filling.

Reference was also found in the clippings to El Serono Motel in the Carpinteria area, named for an early owner of property there.

LEAVLETS ON RESEARCH IN ENGLAND

CHRISTOFFER M. SCARGHIL B. A. (Hons) M.A., 19 Staincliffe Road, Dewsbury, West Yorkshire, WF13 4ET, England Tel. (0924) 490135, offers, as a professional historian with specialist knowledge of mediaeval and early modern England, assistance for historical researchers and for the person who wants to discover his ancestors, documentation to be found in archive repositories around the country, particularly those in the Northern countiesand has supplied SBOTS with several copies of two leaflets "ASSISTANCE FOR HISTORICAL PERFARMERS" and "HELP IN TRACING YOUR ANCESTORS" He states that he can undertake the spadework of going through indexex of births, marriages and deaths or through census returns, thereby saving considerable time and trouble; can alsp ;pcate ondovodia; docupants or collections of records and transcribe or translate documents. If an ancestor lived in Yorkshire, he may be able to provide details of his property holdings as recorded in the appropriate Registry of Deeds or the various collections of manorial records - particularly those of the manor of Wakefield, which covered much of modern West Yorkshire and whose court rolls run from the 13th to the 20th centuries - probably the finest collection in England. Although he is willing to do research throughout Great Britain, his particular specialty is the northern counties - Yorkshire and Humberside, Durham, Lancashire, Cheshire, Christine and Northumberland. He also has exper-ience of historical research in France and can offer some help with work in that country. He invites those considering whether or not to employ his services as a researcher to contact him giving all known details of their family history and he will send a recommendation of steps to be taken and an estimate of at least the initial cost involved His accompanying letter states his present rate for the "preliminary exploration period" is \$60 plus expenses. His normal research fee is quoted as L5 (\$10 if payment is in U. S. currency) plus expenses.

Descended from an old Yorkshire gentry family whose origins stretch hack to the Norman Conquest (there was one Scargill on the 3d Crusade and two at Agincourt), he was born and brought up in the West Riding; read History and French at the University of East Anglia and then took his M. A. in Mediaeval Studies at the University of York, studying Late Latin and Arch-cology at a French University for a year along th way. In 1981 he won the Hilne Prize of the University of Leeds for his work on the North in the early Hiddle ages and has written a number of studies of aspects of Northern In 1991 to 1991 he work on the North in the history. In late 1981-1982 he worked extensively on the Wakefield Court Rolls for the 14th century and recent research commissions have included working on the records of the Durham Halmote Court for the first decade of the 17th century. The society with which he is most closely involved is the Yorkshire Archaeological Society, who genealogical "wing" is the Pamily History Section. He is now an agent for several local churches that have retained their registers (most notably All Saints, Dewsbury, whose regis-ters extend without interruption from 1538) in dealing with genealogical enquiries. As a former research student at York and a member of the : entre for Medineval Studies there, he is well acquainted with the collectionss of Bishops' Transcripts and other ecclesisstical documents for the northern province of the Caurch of England held at the Borthwick Institute for Historical Research, an offshoot of York University.

(see p. 109 for full reproduction and suggestion "If you have a copy of an interesting pre-1900 newspaper front page, send it in - it may be the nort <u>Warren Paully Hittorian</u> cover!" There is a 4-page (137-140) index of the issue; Obituary index, biographical index at the Minnesota Historical Society of some 50 individuals, some with dates of arrival in Minn, Minn, residence, birth & death dates, and place of birth, with offer by Paula Warren, 1869 Laurel Ave. St. Paul to check references and obtain a copy of article, if sont an SASE and 25¢ for the copy. Index of subscribers who are actively researching their family history with subscriber numbers and another 2 pages of Warren Ancestor Indexes, with statistics and spouse's name(110-112) Sources are shown for varying articles. The pleated ribbon type headings are confusing. They include Bible Records; Cemeteries; Church Records; Sources. Some of the LEGAL TERMS USED IN GENEALOGY (122) are at best misleading. Examples: DEPONENT-One gives evidence, especially in writing; To many this would not alert many to the fact that, in law, it is (a) one who deposes or makes a deposition under oath; one who gives written testimony under oath (b) one who makes an affidavit (Webster's Dict.) DEVISOR, TESTATOR - One who wills land to another. Devisor, in law is one who devises (gives in a will) real property. Testator is one who makes and leaves at death a legally valid will. POLL TAX - a tax on individuals & not a property tax. Poll tax is a tax per head; in some States payment of a poll tax is a prerequisite to voting. There are other examples of inaccuracy or in-completeness in definitions, which could have been found by consulting Webstors Unabridged Dictionary. The article is said to be reprinted from The Blue Mountain Heritage, Vol IX, No. 344, quarterly of the Walls-Walls Valloy Genealogical Society. This is an example of reprinting erroneous information. Just because it is in print, does not evidence authenticity. Special features in next issues are listed on the inside back cover and include ACROSS THE POND, Records of Warrens in England & Ireland, etc. MAYFLOWER FAM-ILLES; RESEARCH SPOTLICHT, if interest based on this issue's survey, one state per issue to be spotlighted, with brief history, where to and how to research, record depositories and libraries, societies, other hints and helps, and other features.

This quarterly should prove a valuable aid to those of the WARREN name and certainly merits consideration and contribution from interested persons. This editor's own connection with the name Warren is through its recurrence as a middle name in one branch of the Mann family of Massachusetts and by tradition stomming from the Dr. Joseph Warren, a physician, who participated in the Battle of Bunker Hill.

The Association for Gravestone Studies was organized at Dublin, N.H. in 1977 and incorporated a year later. In encourages local groups to preserve their gravestone heritage, promotes research into all aspects of gravestones, supports a program of public education through publications and conferences, and fosters llasons with county and state genealogical societies. In the summer of 1978 an agreement was made with the New England Historic Genealogical Society for the foundation of a photographic and field note archive, housed at the NEHES library in Boston, known as the Association for Gravestone Studies Archive. Its principal purpose is to recreate, in a retrievable and condensed form iconographic and genealogical data that is presently available only in the field and which is subject to yearly attrition. PAMILY ASSOCIATION NEWS - NEW BOOKS

DeSHAZER PAUBION DOUGLASS HOWLFIT CRAFT HILL BARRIS

It started as a Nobby and a Heritage to leave to our Grandchildren. It "enoughlled" into being a major project which, apparently, was of interest to many people.

We wanted to prove the various Family Legends relatives had told us about our ancentors. Although we didn't find answers to all the legends, we were amaged at the interesting history we found on our seven family lines. They had played an important part in the development of our country. Our families crossed the plains to Gregon during the period 1851 to 1883.

During the past twelve years, we have traveled over 100,000 miles by car, bus and plane to visit fourteen states where our ancestors resided. We visited libraries, courthouses, relatives we didn't know we had, kept the U. S. mail buny with letters going both directions, and spent three different weeks at the fabrous Salt lake City Library. Now we are submitting our manuscript to a Maui publisher with hepes of completion by the end of 1983 or early 1984.

Several publishers advised it was more economical to have the histories in one book which will consist of approximately 600 pages with 150 photos, hard cover, indexed, and divided by family with minimum repetition of these in connecting families. The approximate price will be \$25 to \$30 plus postage, depending on final length of the manuscript.

We THINK we have found the first <u>DeSKAZER</u> who came from Prance and fought in the Sevolution. His line is included in over 250 double-spaced pages along with the descendants from proven encostor John DeSKAZER born 1786, Virginia.

Our <u>RAUBION</u> line case about 1710 and his wife's family has been traced to the 1400's in Germany. This is told in 68-doublo-spaced pages mainly on our direct line and their children.

We were stymied on the <u>DOUCLASS</u> line because we don't know the first name of Granny GREEN's husband but have new information on their signation from Tennessee to Oregon, related in over 75 double-spaced pages.

The MOMINIT line was a thrilling surprise with our direct line from Themas ROWLETT born about 1606, England, who came to Massachusetts in 1630 with Governor Winthrop's Fleet. There is over 150 double-spaced pages including come on the MAKWOOD family.

With 132 men maned George <u>CRAFT</u> coming from Germany about 1770 and not knowing the first mane of George CRAFT's wife, we only have about 115 double-spaced pages at the publishers.

The MILL line extends back to the English grandfather of Robert MILL who came to Virginia in 1642 and the publishers already have 130 double-spaced pages.

The <u>MARRIE</u> legend has not been proved, but if it is true, it goes back to the wife of King Hanry VII, England. We need the mass of Samuel's (1772-cal854) parents for the connecting link. We have 42 double-spaced pages-1 for the publishers, including family legend pedigree charts. We have taken our direct line for each family, listing the children and other information we found on their families. It is not all statistics, but background information on their lives and historical items.

If you, or your relatives, are interested in our book, please let us know so we will more accurately guess the number of books to publish.

Please send names and addresses of relative you think would be interested. ALTA & GEORGE CRAFT, 242 Liholiho Street, Kailuku, Maxaii 96793, Tel. (808)244-3106.

THE NESBITT SOCIETY

Background

Neshitt is recognized as a name of ancient Scots origin. There are many spellings of the name. The family name has ties to Northern and Mestern Europe. The ancient family of Nisbet in Scotland is recognized in Scotland's heraldic tradition, church life, government and judicial history. Over the last 800 years persons bearing the name have emigrated to Canada, England, France, Ireland, Northern Ireland, Norway, the United States of America and many parts of the world.

The Nesbitts or Nisbets of both the old world and the new world left their marks on arts, commerce, education, government, industry, language, literature, law, medicine, religion, science and social service.

One of the foremost Nisbets of the old world was Alexander Nisbet the Herald, 1657-1725. He is regarded as "the ablest writer on Heraldry in the English language." (Andrew Ross, Marchmont Herald, and Francis J. Grant, Carrick Pursuivant. "Alexander Nisbet's Heraldic Plates." Edinburgh, 1892.) The goal of Alexander Nisbet's heraldic endeaver was.

"To flatter no man, but fairly and truly to collect from authentic documents, seals, tombs and other monuments, whatsoever may tend to the honour of the King and country in general, and what may be for the further advantage and satisfaction of many private families."

THE NESBITT SOCIETY was created in the spirit of Alexander's credo.

300th ANNIVERSARY OF JOHN NISEET OF LOUDDUN -- 1983 makks the 300th anniversary of the execution in Kilmarnock of John Misbet of Loudoun. John Nisbet was a prominant covenanter. The date was memorialized in ceremonies in Kilmarnock at the stone that marks the location. He was executed, according to the inscription on the stone, April 14, 1683. (For further information see Study Aid 13, "Murdock Misbet.")

NN LETTERS OF INCUINT AND GENERLOGY SEARCH LETTERS -- For the present it is not pussible to answer all inquiries personally. However, every letter received will be answered personally as soon as possible. We are very busy setting up the NR Neveletter and the NN Gathering. We will carry in the NN Neveletter appropriate information from letters received. For example, we will carry brief reports on family history written in letters, requests for assistance and notes on NN Tradition. ("Tradition" in this case refers to notes about NE People, NN Thaces and NE Things such as Looks.)

NESSITT FAMILY OF IOWA CIT: -- So that we may be better acquinted my wife and I would like to share the following information. We both work full time at the University of Lows. Our children are John Arthur, Jr. and Victoria Bowen, who are 17 and 18. We started our family history hobby in 1950 when we made our first descent chart. I currently serve as Plains States Commissioner for the Council of Scottish Chan Associations. Locally, we coordinate a monthly Celtic Berlage League program on family history in England, Ireland, Scotland and bales. Part of our interest in reaching serves the Atlantic Ocean is based on the fact that we worked in international service for about 10 years with Henbilitation of Disabled International and World Recretion Association. Parily history is our bobby.

PLEASE SEND SASE -- It will help us if you will send with your inquiries a "self addressed stamped envelop." More information and news will follow on June 10, 1983. John A. Nesbitt, 362 Koser Avenue, Iowa City, Iowa 52240 USA Tel. 319/337-7578 or messages AMERICAN GENERLOGY ASSOCIATION

Gage Family History

Ten years ago a Gage family bible belonging to my great-grandfather, Joseph Libby Gage, came into my possession. This inspired my interest in my encestry. What started as a brief history of my Gage ancestors, grew into a book entitled John <u>GARE of Ipswich - His English Ancestry, and Some American Descondants</u>. While researching this family history I found numerous errors in Gage geneelogy. These errors have been carried into many geneelogy. These errors have been correction. Now I want to share my new findings with you.

John Game of Ipswich - His English Ancestry, and Some American Descendants is a summary of what I have learned of the lives of John Gage (1606 to 1673), his ancestors, and some of his descendants. I have compiled information from many sources within the United States and England. The services of Mr. Richard B. Allnutt, an English genoalogist, were acquired to research the early Gage ancestry in Suffolk, England. Much of his researche material has been included in the introduction of this book. All my references have been incorporated into the text to help explain where my information was obtained. Numerous copies and transcriptions of original documents are contained in this book, the earliest a charter written about the year 1158. Pictures, maps, and diagrams, to illustrate where and how my ancestors lived, are included. Ancestral charts of the wives of my American Gage ancestors, and family group sheets listing all the children of these generations are also included.

The one-hundred and eighty-sight page, eight and one-half by sleven inch, hard bound edition of <u>John Gage of Ipswich - His</u> <u>Enrish Ancestry, and Some American Descendents</u> will be eveilable about 1 November 1983, for a donation of thirty-five dollars (which includes postage) to help defray the cost of research and printing. A faceimilie of the toble of contents is included for your review.
