CONTROL

INNOVATION

What's in our name?

Our name spells out the most comprehensive professional liability coverage available to California physicians.

Stability. With assets of more than \$600 million, a surplus exceeding \$150 million and a superior A+ rating from A. M. Best, SCPIE has the financial strength to stand behind the physicians we insure.

Control. SCPIE is a company of physicians for physicians. Our all-

physician board, which represents our 11,000+ insureds, guarantees that all decisions pertaining to programs and policies truly reflect the wants and needs of our policyholders.

Professionals. A dedicated and experienced staff fulfills the SCPIE credo of service to our insureds.

Innovation. SCPIE has always been a step ahead of the competition when it comes to new programs for our insureds. We led the way with higher

limits of liability, group discounts, free tail coverage, etc.

Experience Credit Program.

Because we are a not-for-profit company, SCPIE returns unused premiums to eligible physician policyholders. This translates into savings on premiums.

Put it all together, and it's obvious why more California physicians are insured with SCPIE than any other company.

SERVICE MEDICAL PROFESSIONALS CAN BANK ON.

More professionals choose Santa Barbara Bank & Trust as their primary financial institution than the next three leading banks combined. Physicians and their patients appreciate our prompt and professional service, extended hours at eleven conveniently located offices and a range of banking, trust and investment products that fill their varied needs. These attributes, combined with the strength of the area's highest rated financial institution, make a healthy case for banking with us.

Imagine Yourself With More Free Time

Once upon a time, there was a busy doctor named Dr. Jones. Between surgery, seeing patients and attending to the various administrative duties of his practice, he had little time to spend with his family and friends.

Then, one day through the Santa Barbara County Medical Society, Dr. Jones found out about the convenience, protection, and value of the sponsored insurance pro-

grams and decided to take advantage of one of the many benefits of membership. With one toll-free call to Johnson & Higgins of California, Dr. Jones started the application process for healthcare protection for his family, disability income protection for himself, Workers' Compensation for his employees and Equipment Protection for his office.*

And, any questions he had about service, claims and

*Other programs also available.

billing were handled just as easily for Dr. Jones.

Now, we can't help you out with your surgery, but we may be able to save you time, money and hassles with your insurance.

Considering all your demands, what would you do if you had more free-time? **Don't imagine - just call us at 1 (800) 842-3761.** We'd like you to be in this picture, too.

NO MATTER WHAT THE SIZE OF YOUR BUSINESS

— You Can Afford an Employee Assistance Program

In fact, we can't imagine a company in today's business climate being without Employee Assistance, any more than they would be without liability insurance.

For the last eight years, Cottage Care Center has provided an Employee Assistance Program to the Santa Barbara business community. We are a local, low-cost and highly acclaimed program offering a full range of employee assistance services. We work with small, medium and large companies providing coverage for nearly 10,000 employees and their families.

If you work with people and numbers, you'll quickly see how the Cottage Care Center Employee Assistance Program can provide outstanding benefits for your employees, even as we lower your costs and increase productivity. We'll help you promote a stable,

healthy work environment, improve morale, **decrease unnecessary insurance** and **work comp claims**, and avoid retraining costs. Our five part program includes:

- EDUCATION
- TRAINING
- ASSESSMENT
- REFERRAL AND TRACKING
- CRISIS INTERVENTION

Cottage Care Center's Employee Assistance Program meets all the requirements of the Drug Free Workplace Act and more. You will find that correcting drug and alcohol problems is only one part of the work our program does for you. And since we are locally based, we understand your needs and can respond personally and at once.

For more information please call **569-7467** or **569-7443**, or visit the Cottage Care Center at 2415 De la Vina Street. You'll be glad you did.

Confidentiality assured.

INJURY DOESN'T HAVE TO LIMIT YOUR HORIZONS.

Since his spinal cord injury eleven years ago, there have been dramatic changes in the focus of rehabilitation, according to Rehabilitation Counselor Tim Carson, M.A.

"We now have more awareness of, and an **emphasis** on regaining **access to community** life through comprehensive programs and a multidisciplinary team approach to rehabilitation. This encourages and supports the hard work it takes to regain a life. Attitudes have changed because persons with **different abilities refuse to accept limitations.**"

You've imagined it...
Now expand your horizons through rehabilitation!

**The Chase Manhattan Program for Physicians.
Specializing in tailored mortgages over \$250,000.**

CHASE knows that listening to fellow physicians and reviewing their research helps you stay ahead professionally. When it comes to staying ahead financially, it's also smart to listen to them.

Many are saying that Chase helps them meet their complex financial needs. *In fact, one out of every four of our clients were recommended by their colleagues and associates who currently do business with us.*

The level of service provided by *The Chase Manhattan Program for Physicians* is a good example of why. Through an expert Chase

Relationship Manager, you have access to a broad range of financing solutions that can be tailored to your changing personal *and* professional situation. And since you work closely with this one individual throughout the process, you receive the personalized attention your financial situation demands.

Your Relationship Manager can help you finance the purchase of a home, and can meet a variety of other financing needs as they arise. In every case, you'll benefit from *large loan amounts, fast loan decisions and competitive rates.*

Plus, you'll have access to other

specialists in the Chase network of companies who can provide everything from wealth and investment management to retirement planning.

See for yourself why professional people recommend the professionals at Chase.

*Our
approach
to Business
Banking*

PERFORMANCE. To reach world class status and survive the sharpest competition, a great tennis player goes on the attack rather than lose the initiative. She is active, not reactive, and plays to win.

It's the same in the world of business. To stay a step ahead, you need creative insight, ideas and sound solutions—things that only a seasoned financial partner can provide.

There is a reason why more and more businesses are turning to City Commerce Bank. A single word says it all. Performance.

For All Their Maternal/Child Health Care Needs

We believe providing quality health care means supporting a mother through delivery, holding a newborn in the nursery, and comforting a frightened child before an appendectomy. It also means having the capabilities to assist a mother through a difficult pregnancy and to save the lives of tiny infants needing immediate intensive care. Thanks to family-centered care, specialized expertise, state-of-the-art technology, and our community's excellent physicians, we are able to provide for all the health care needs of Santa Barbara's mothers, babies, and children.

For more information about our Childbirth Center, Mother-Infant Department, Neonatal Intensive Care Unit, and Pediatrics Unit, call **805/682-7111, ext. 2229.**

RETIRED MEMBERS

As per the Membership Committee Guidelines, Retired membership may be granted to any member who has ceased the practice of medicine for remuneration and who has been a member of the Society for at least 10 years prior thereto and who has paid dues for the current or immediately preceding year and those physicians who have moved to Santa Barbara County and have been members of another local or state medical association or the AMA for a total of 10 years prior thereto shall be eligible to apply for Retired membership in the Society. Retired membership shall endure as long as the retired member does not engage in the practice of medicine for remuneration. In the event that a member classified as Retired resumes the practice of medicine for remuneration, such resumption shall automatically terminate Retired membership and re-establish Active or Associate membership.
