

WORD OF MOUTH

Our Most Effective Advertising Hasn't Changed In 20 Years.

Since 1975, our clients have been our most powerful sales representatives. Wherever doctors meet they talk to each other about SCPIE, the leading insurer of California physicians.

They know that SCPIE provides physicians and health care facilities with complete medical liability programs, including coverage for professional liability, errors and omissions liability, directors and officers liability and general business liability.

They explain that our subsidiary, SCPIE Insurance Services, Inc., offers a variety of impor-

tant optional coverages such as Medical Group Stop Loss and Comprehensive Commercial Property, which are uniquely designed to complement our liability plans.

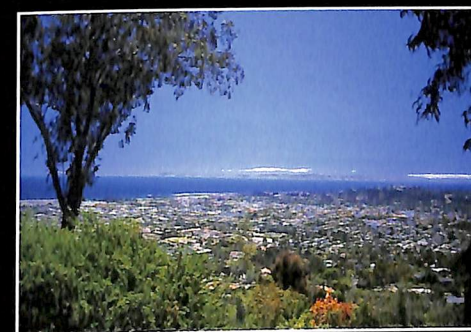

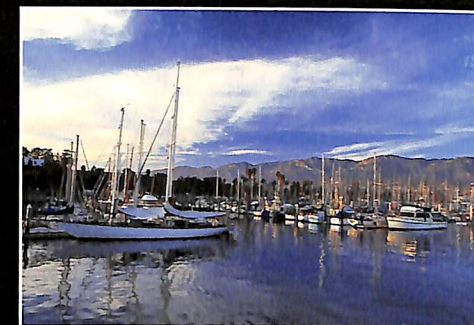

Our clients can tell you that SCPIE's programs and policies are all part of our continuing and unyielding commitment to meet the needs of California's health care community.

Get in on the conversation. Ask any physician about SCPIE; chances are they will tell you SCPIE is the final word in professional liability protection.

Call SCPIE at (800)717-5333. In Northern California, call (800)55-SCPIE.

Alcohol or drug abuse? Stress, emotional turmoil? Absenteeism in your employees?

No matter what the size of your business— You Can Afford an Employee Assistance Program

*In today's business climate,
Employee Assistance is as crucial
as liability insurance!*

For the past 12 years, Cottage Care Center has provided an **Employee Assistance Program (EAP)** to the business community. We are a local, low-cost and highly acclaimed program offering a full range of employee assistance services. We work with small, medium and large companies providing coverage for nearly 10,000 employees and their families. And since we are locally based, we can tailor our program to meet your needs, and can respond personally and promptly.

This program provides outstanding benefits for your employees, and more than pays for itself in terms of reduced absenteeism and increased productivity. It will contribute to a stable, healthy work

environment, improve morale, decrease unnecessary insurance and work comp claims, and avoid retraining costs. Our five-part program includes:

- EDUCATION
- TRAINING
- ASSESSMENT
- REFERRAL AND TRACKING
- CRISIS INTERVENTION

It should be noted that this EAP meets and exceeds all the requirements of the Drug Free Workplace Act. And, as an affiliate with Santa Barbara Cottage Hospital, we have access to services from the largest health facility in the region.

For more information, please call 569-7467 or 682-2511, or visit us at the Santa Barbara Cottage Care Center at 2415 De La Vina Street. You'll be glad you did.

For Specialized Maternal/Child Health Care Needs

We at Santa Barbara Cottage Hospital believe providing quality care means supporting a mother through delivery, holding a newborn in the nursery, and comforting a frightened child before an appendectomy. It also means having the capabilities to assist a mother through a difficult pregnancy and to save the lives of tiny infants needing immediate intensive care. Thanks to family-centered care, specialized expertise, state-of-the-art technology, and our community's excellent physicians, we are able to provide for all the health care needs of Santa Barbara's mothers, babies and children.

For more information about our Childbirth Center, Perinatal Center, Mother-Infant-Department, Neonatal Intensive Care Unit, Pediatric Intensive Care Unit, Pediatrics Unit, Pediatric Hematology/Oncology Department, and Pediatric GI/Nutrition, please call **805/682-7111** and ask the operator for the desired department.

*but our coverage provides
more protection.*

Our policyholders' insurance needs extend beyond professional liability coverage. That's why NORCAL Healthcare Insurance Agency offers you assistance in placing a full range of coverages. We call it "one-stop shopping."

The Agency, a wholly-owned subsidiary of NORCAL Mutual Insurance Company, handles collateral lines of insurance for hospitals, medical groups as well as individual physicians. Coverages include: managed care directors & officers/errors & omissions and workers' compensation. Commercial package

policies are also available, as is commercial automobile coverage and more.

The convenience of comprehensive lines of insurance from a single source and the assurance of industry expertise leaves you more time to do what you do best... practice medicine.

One stop shopping is only a phone call away. To find out more about NORCAL Healthcare Insurance Agency's services, contact Gail Yagadich at 800-652-1051, or ask your underwriter

to put you in touch with the Agency.
